Welcome to the website dedicated to Harvest Capital's campaign for change at Green Dot.

Green Dot's financial, operational, and stock price performance over both the short- and long-term has been woefully unacceptable. Green Dot shareholders have suffered mightily over the past five years as the Company's stock price has precipitously declined by 71% and as Green Dot has underperformed its self-selected peer group by an alarming 274%. This campaign will serve to illuminate Green Dot's numerous Board and management missteps over the last five years and present a platform for sending a clear message that meaningful leadership change is urgently needed.

We are urging Green Dot to do the right thing now for all shareholders by immediately:

- Removing Steve Streit as Chairman, President, and CEO; and
- Reconstituting the Board of Directors to include individuals who possess significant relevant experience and who will proudly represent the best interests of all Green Dot shareholders

We encourage you to read the materials on the website carefully and to visit often for any updates.
